## Drink T40 Plus PV

The new Drink T Plus comes from the timeless line Drink Plus. A valid compromise between the most evolved compressor systems and traditional absorption ones.

Drink T40 Plus PV is the thermoelectric minibar with a capacity of 40 liters and reversible glass door. The absence of internal or external fans and the high quality thermoelectric plate make the minibar completely silent. The internal compartment has aluminium shelves and LED light. Available, as an optional, an elegant wine bottle holder (3 bottles).

## Technical features

|                                   |                       |                         |                             |
|-----------------------------------|-----------------------|-------------------------|-----------------------------|
| Door type                         | Reversible glass door | Installation type       | Built-in, Free installation |
